So I tried
Said I'm doing okay
I wrote you this letter
Was the easiest way

So I lied
Couldn't face you alone
And nothing got better
I'm going home

And I cry
Guided by the northern starlight
On my way home
So I cry
Unbearable without you
I'm going home

It's just me
And that is no lie
I'll call on you later
This ain't goodbye

And I cry
Guided by the northern starlight
On my way home
So I cry
Unbearable without you
I'm going home

Heijai-ja, Heijai-ja
Heijai-ja, Heijai-ja
Heijai-ja, Heijai-ja
Heijai-ja, Heijai-ja

And I cry
Guided by the northern starlight
On my way home
So I cry
Unbearable without you
I'm going home
