There's something about your eyes
Something a bit vague
Oh, so lonely
But so damn lovely
There's something about your smile
Something a bit vague
Oh, so lovely
But a touch scary
There's something about the way you touch me
Just a bit cold
But definitely bold
There's something about the way you love me
Just a bit distant
But so damn persistent

And there's nothing about you I won't take
Nothing about you I could ever reject
'Cause there's something about you...

There's something about the way you hurt me
Something vicious and definitely sick
There's something about the way you worry
Sometimes so caring and always confusing

And there's nothing about you I won't take
Nothing about you I could ever regret
'Cause there's something about you I can't forget
'Cause there's something about you...
So lovely, so lovely
Lovely, lovely
