Went to see you play for the first time
What a time
People looked at me and I think
They wondered why

That I was not up there
I was not up there
With you

I watch and listen for the first time
I was kind of sad
After you played a while I realised
I was kind of glad

That I was not up there
It would not be fair
To you
And you did real well you did real well together
We did well together
But not forever

I was kind of scared of how I feel
When I got there
Might have thought that you were wrong
I was scared

'Cause I was not up there
I was not up there
With you
And you did real well you did real well together
We did well together
But not forever
