so i left town at 1:30 in the morning to see you
and i drove through the rain and through the snow.
the snow disappeared and everything cleared
and things then grew dark all around me.
and although i was tired, i stayed pretty calm
'cause i knew that soon i would be in your arms.

so i left town at 1:30 in the morning to see you
and i drove through the snow and through the sleet.
and the sleet disappeared and everything cleared
and the wind then blew strong all around me.

and although i felt crazy, i stayed pretty calm
'cause i knew that soon i would be in your arms.
and although i was so tired, i stayed pretty calm
'cause i knew that soon i would be sleeping in your
arms.

so i left town at 1:30 in the morning to see you
and i drove and i sang all the way.
and i could've stayed back there in any other bed
but i needed to come and be near you.

and although i felt crazy, i stayed pretty calm
'cause i knew that soon i would be in your arms.
and although i was tired, i stayed pretty calm
'cause i knew that soon i would be in your arms.
