Fly me to the moon
On Jupiter and Mars
And let me play among the stars

Let me see what spring is like
In other words
In other words
Hold my hand
Darling, kiss me

And let me sing forever more
You are all I long for
Fill my heart with song
All I worship and adore
In other words
Please be true
I love you
In other words

(musical interlude)
And let me sing forever more
Fill my heart with song
In other words
You are all I long for
All I worship and adore
Please be true

I love you...in other words
