Hey there
You with the stars in your eyes
Love never made a fool of you
You used to be too wise
Hey there
You on that high-flyin' cloud
Though she won't throw a crumb to you
You think some day she'll come to you

Better forget her
Her with her nose in the air
She has you dancing on a string
Break it and she won't care
Won't you take this advice
I hand you like a brother
Or are you not seein' things too clear
Are you too much in love to hear
Is it all going in one ear
And out the other
