Some boys have got the look of the Greek Adonis Some boy'll try to talk you off your feet Some boys just think they're God's gift to woman Some boys just think they're sweet enough to eat Try to change the habit of a lifetime don't even try Cause when you cut down deeper than the icing you'll realize

What you get is what you see There ain't nothing more to it And if you wanna love a woman like me It takes a man to do it If what you get is what you see Then I don't want your kind of love

Some guys have got lips you can't help kissing Some guys have gotta smile you can't resist Some guys just gotta build a reputation They just wanna add you to the list You gotta lot of physical attraction I can't deny But can you guarantee me satisfaction Well I'm still waiting, waiting, waiting, waiting, waiting

What you get is what you see There ain't nothing more to it And if you wanna love a woman like me It takes a man to do it If what you get is what you see Then I don't want your kind of love

So let me see your cards on the table Before I buy I always read the writing on the label So give me reason to believe There's more to you than meets the eye

What you get is what you see There ain't nothing more to it And if you wanna love a woman like me It takes a man to do it If what you get is what you see Then I don't want your kind of love

I don't want your kinda love, no It takes a man (takes a man) I don't want your kinda love, no There ain't nothing else to it
