"Pot Of Gold"

All alone in a cafe
I watch the world rushin' by
They're all dreamin' 'bout dollars and thinkin'
'Bout mountains that they have to climb

A woman checks her reflection
A man straightens his tie
They wear troubled expressions
And meanwhile I just sit here and smile

You can chase all the sliver
If you need riches to hold
You can run after rainbows
'Cause I just found my pot of gold

I just met him last weekend
We've been out a few times
And it may seem too soon
But when he kissed me I knew that
He was my purpose in life

You can chase all the silver
'Cause I've found somethin' to hold
You can run after rainbows
'Cause I just found my pot of gold

You can chase all the silver
'Cause I've just found my soul
You can run after rainbows
'Cause I just found my pot
I just found my pot
I just found my pot of gold

All alone in a cafe
I watch the world rushin' by
They're all dreamin' 'bout dollars
And meanwhile I just sit here and smile
