So you think you've got the
Weight of the world on your shoulders
And it's getting too hard to bear
You feel like you're getting older
And older and nobody seems to care
It isn't what you do
It's who you know
Ain't that the way it is anymore
Makes you keep on wondering
Don't it make you wonder now
What are you living for.

Well it's a sweet life baby
Don't you think maybe
You could give it another try
It's your life baby
But I'm not ready to say goodbye
We got a sweet life baby
Why don't you take a good look around
It's a sweet life baby
Don't let it get you down.

You say you feel snowed under
By circumstances you can
Make of it what you will
You can look at the down side or
Take your chances and try to make it uphill
Now
You can't keep living inside
Your head in a prison cell all your own
Just let yourself go
Get your
Body out of bed you don't

Have to do it all alone.

Well it's a sweet life baby
Don't you think maybe
You could give it another try
It's your life baby
But I'm not ready to say goodbye
We got a sweet life baby

Why don't you take a good look around
It's a sweet life baby
Don't let it get you down.

Well it's a sweet life baby
Don't you think maybe
You could give it another try
It's your life baby
But I'm not ready to say goodbye
You know this is real life baby

Why don't you take another look around
It's a sweet life baby
Don't let it get you down.

It's a sweet life baby
Don't you think maybe
You can stop and taste the honey
It's a sweet life baby
It's all about the sugar
It ain't about money.

It's a sweet life baby
Don't you think maybe
You could give it another try
It's a sweet life baby
But I'm not ready to say goodbye
It's a sweet life baby.
