You, you made me feel this way
'Cause I can't let you go away
For you have taught me how to stay
Keeps us closer everyday
Life may be so hard sometimes
And yet I find each day so bright
Each time you kiss and hold me tight
My heart is fully satisfied

CHORUS:

You are the first love of my life
'Cause you're the one I need so badly
You're the apple of my eyes
You are the first love of my life

Through thick and thin I will be always at your side
Life may be so hard sometimes
And yet I find each day so bright
Each time you kiss and hold me tight
My heart is fully satisfied

CHORUS:

You are the first love of my life
'Cause you're the one I need so badly
You're the apple of my eyes
You are the first love of my life
