As the rain falls down, I see you burning through
I can feel my legs are shaking
What you say, what you say, what you say
Is something wrong?
You don't need me anymore,
Like I need you

Don't tell me what you're running from
Or what you've done
This cruel daze of summer
Burns so long
The vows we made are under attack
I can feel myself pushing back, back, back
Don't tell me what you're running from
Or what you've done

As lightning strikes, I know I'm not alone
I can feel my heart is breaking
What you say, what you say, what you say
Is something wrong?
You don't need me anymore,
Like I need you

Don't tell me what you're running from
Or what you've done
This cruel daze of summer
Burns so long
The vows we made are under attack
I can feel myself pushing back, back, back
Don't tell me what you're running from
Or what you've done

Don't tell me what you're running from
Or what you've done
This cruel daze of summer
Burns so long
The vows we made are under attack
I can feel myself pushing back, back, back
Don't tell me what you're running from
Or what you've done
