Is there something on your mind?
Couldn't just let it show
Seems your life is one white line
I'm walking away with the life of the party
(But you do)
Do what you do and you say what you say
You can wear what you want
But we still look the same

I need to be somebody sometimes
Feeling so cold in the shade of the spotlight
Yeah, I'm a fool for the girls and the parties
Powder buffets, all the drinks, the excitement
Do you even know who you are?
Do you even know who you are?
Do you really know who you are?

Come on, kick the bass

Never thought we'd go this far
Looking for the right solutions
I'm walking away with the life of the party
(But you do)
Do what you do and you say what you say
You can wear what you want
But we still look the same

I need to be somebody sometimes
Feeling so cold in the shade of the spotlight
Yeah, I'm a fool for the girls and the parties
Powder buffets, all the drinks, the excitement
Do you even know who you are?
Do you even know who you are?
Do you really know who you are?

Come on, kick the bass

Come on, kick the bass

Come on, kick the bass

Come on, kick the bass

I need to be somebody sometimes
Feeling so cold in the shade of the spotlight
Yeah, I'm a fool for the girls and the parties
Powder buffets, all the drinks, the excitement
Do you really know who you are?
Do you even know who you are?
Do you really know who you are?

Come on, kick the bass
