We'll take a holiday, you  
know I'd love you better  
We'll take a holiday  
you know i'd love you better  
We'll take a holiday you  
know i'd love you better

Whats the difference if its yours  
or if its mine  
theres no difference if its  
yours or if its mine  
anticipation and we havent  
crossed a line  
It doesnt matter when its only  
a matter of time

We'll take a holiday you  
know I know you'd love me better  
We'll take a holiday  
you know i know you'd love me better  
We'll take a holiday you  
know you'd love me better

We might ever have problems in our life  
but this party has the best view  
theres no lie  
headstrong my precious alibi  
i refuse to complicate you more than is right  
you are no reason to give  
you are no reason to try  
catch up to find out  
ive never seen this life caught up  
i was caught up in the times  
catch up to find out ive never seen this life  
whats the difference if its yours or if its mine  
theres no difference if its yours  
or if its mine

anticipation and we havent crossed a line  
it doesnt matter when its only a matter of time

We'll take a holiday, you

know I'd love you better  
We'll take a holiday  
you know i'd love you better  
We'll take a holiday you  
know i'd love you better

catch up to find out  
ive never seen this life  
caught up  
i was caught up in the times  
nothings yours we've been stuck in rewind

We stand up to get down  
we stand up to get down  
(where do we go now)  
We stand up to get down  
(where do we go now)  
We stand up to get down  
Where Do we go now  
Where Do we go now  
Where Do we go now  
Where Do we go now  
Where Do we go now

We'll take a holiday you  
know I'd love you better  
We'll take a holiday  
you know i'd love you better  
We'll take a holiday you  
know i'd love you better

We'll take a holiday you  
know I'd love you better  
We'll take a holiday  
you know i'd love you better  
We'll take a holiday you  
know i'd love you better
