Do you fear me?
Or underestimate me?
On the sand you're safe
Until the tide comes in
And when it does
You'll be washed out to sea
But I won't let you drown
In the white caps of my ocean

Oh, no need to panic so
Ride the current's flow
I'm waiting out here for you
Don't you know?

My siren song
To you I sing
Leave everything
Come to the sea

My siren song
Will make you sink
And deeper sink
To where you'll be
Deep in love with me

(On the sand you're safe)

Don't you trust me?
Have you been hurt before?
Why resist my love
Against your will?
Why learn to swim
If you don't leave the shore?
It isn't shallow
But this water's warm and tranquil

Oh, get ready for the time is here
Let go of your fear
Surrender to me as I draw you near

My siren song
To you I sing

Leave everything
Come to the sea

My siren song
Will make you sink
And deeper sink
To where you'll be
Deep in love with me
