A couple inches taller  
Another size smaller  
A little curl in my hair  
Used to wish I was older  
Now I wish I was younger  
Back when I didn't have a care  
Most of the time I am happy with what God gave me  
Once in a while I wish that some miracle would change me

#### Chorus

I'm ok with the way God made me  
I have my days but doesn't everybody  
It's not always easy for me to believe in myself  
But I gotta remember  
I'm always gonna be a better me than anybody else  
And God doesn't make mistakes

Mama says I'm special  
Calls me her little angel  
Yeah, I could almost do no wrong  
But I trip and I stumble  
Guess that's what keeps you humble  
But I pick myself up and I carry on  
I'll never be a flawless model of perfection  
Nobodys perfect and I admit I'm no exception

#### Repeat Chorus

I'm thankful for rainy days  
They only make the sunshine sweeter
