I've fallen, yeah I've fallen before
I thought I knew exactly what was in store
When I met him, got more than I bargained for
I'm not overstating, over exaggerating
Horsing around or playing
When I'm saying I've...

Gone off the deepest end
Not jumping, diving in
He's a perfect 10 times 10 times 10
And I'm head over heels
No, I'm head over high heels

I'm dreaming in colors I've never seen
My heart is bursting wide at the seams
I've taken my smiling to the extremes
All my friends are wondering
They think I'm up to something
I say Oh it's nothing
I'm just in love and I've...

(Repeat Chorus)

I'm not happy
I'm ecstatic
I'm not a lunatic, just a fanatic
You might think I'm overdramatic
Not me

(Repeat Chorus Twice)
