Leaky faucet dripping in the kitchen
Rubber squealing, watch out in the alley
Mr. Marley's probably late for work again

Birdie singing, telling me to get up
Such a soothing sound floating on the wind
I just keep listening

Funny, how You speak to me
In such mysterious ways

And I can hear You, I can hear You
(I can hear You and I can hear You)
It's so amazing
How Your voice keeps breaking through
And I can hear You

There's a church bell ringing out the hour
Like an old friend calling through my window
With the laughter of the children playing down below

You've got a way of getting my attention
In the rhythm of life, everywhere I go

Somehow, You let me know

If I'll only stop to listen
You're in everything, yeah

And I can hear You, I can hear You
(I can hear You, I can hear You)
It's so amazing
How Your voice keeps breaking through
And I can hear You, yeah

I can hear You, I can hear You
(I can hear You I can hear You)
I can hear You, I can hear You
(I can hear You I can hear You)

I can hear You, I can hear You
(I can hear You I can hear You)

It's so amazing
How Your voice keeps breaking through

I can hear You, I can hear You
(I can hear You I can hear You)
It's so amazing
How Your voice keeps breaking through
And I can hear You, yeah yeah
