There's an eerie stillness in my soul
A cold complacency
It's been too long since I felt the Holy Ghost
Stirring in me

But I know it's just the calm before the storm
Soon a light will pierce the dark
?Cause Almighty God, You'll move Heaven and Earth
To move my heart

Like the mighty winds of a hurricane
You'll come rushing in when I call Your name
And let Your love come down
You take my soul by storm

Then I'll feel Your Spirit moving me
And You'll lift me up where I need to be
?Cause when Your love comes down
You take my soul by storm

You take my soul by storm

There's a strange new fragrance in the air
The promise of sweet rain
I know it won't be long till the force of Your love
Sweeps me away

Whenever I have let this distance grow
Between Your heart and mine
You have poured out Your Spirit on my thirsty soul
So I know this time

Like the mighty winds of a hurricane
You'll come rushing in when I call Your name
And let Your love come down
You take my soul by storm

Then I'll feel Your Spirit moving me
And You'll lift me up where I need to be
?Cause when Your love comes down
You take my soul by storm
You take my soul by storm
