Look around  
The only thing that I see  
are the cracks opening up around me  
I'm checking underneath my bed  
before I got to sleep  
I used to know what I wanted to say  
Now my words they only get in th way  
You through the water on the fire deep inside of me  
You know it's gonna be

So goodnight Never Land  
Did you know that we were gonna be  
With such a brilliant plan  
Searching for the deeper sea  
You never meant the words you said  
Didn't understand  
So goodnight Never Land  
And I never learned

I walk around but  
I can't feel my feet  
I look outside at the  
sun bleached streets  
So blind and need a day  
I've lost my head so I've gone deaf  
This is how it ends

So goodnight Never Land  
Did you know that we were gonna be  
With such a brilliant plan  
Searching for the deeper sea  
You never meant the words you said  
Didn't understand  
So goodnight Never Land  
And I never learned

Roller coaster rides  
When we're only meant to  
fly in dreams  
Tryin' to get back home  
We were only kids with broken wings

Goodnight Never Land  
Did you know that we were gonna be  
With such a brilliant plan  
Searching for the deeper sea  
You never meant the words you said  
Didn't understand  
So goodnight Never Land  
And I never learned
