This is as quiet as it gets hush down now go to sleep
we were once perfect me and you will never leave this
room

H H H Hush you color my eyes red your loves not live its
dead this letters written itself inside out again when
rivers turn to roads and lovers become trends

H H H Hush this is where it ends

this is the calming before the storm We've been here
like before this absolution is always incomplete its
always bittersweet

H H H Hush you color my eyes red your loves not live its
dead this letters written itself inside out again when
rivers turn to roads and lovers become trends H H H
Hush this is where it ends
I wont make a sound so you don't wake don't wake
don't wake you don't wake you don't wake

Hush you color my eyes red your loves not live its dead
this letters written itself inside out again when rivers
turn to roads and lovers become trends...H H H Hush
this is where it ends you color my eyes red your loves
not live its dead this letters written itself inside out
again when rivers turn to roads and lovers become
trends H H H Hush this is where it ends This is where it
ends
