One day I will see you falling in love
With some lovely girl and her long dark curls
Thanking me for all the things I've done

One day... one day
Someday you will see me in your arms
Thanking you for all the things you've done

One day... one day
Someday you will see me clutching
At precious love that I've found

I didn't see it around
Someday you will see me in your arms
Thanking you for all the things you've done

Someday... someday
Playing with fire
Now quench desire

Stick to your faith
And you'll see
Baby don't be so impatient

Things will go your way
For patience is a virtue
One day we will walk hand in hand

On the mountain top where it's never hot
One day we will both find the loves
That we've longing for

It's not metaphor
One day... one day
One day... one day

Trust in your heart I'll be your lark
Singing through the days and the nights
The days

Today you will see me walking the aisle

It's my wedding day
You promised to stay

Today I will see you and your smile
You've come in gay though you've traveled for miles
Today... today

Playing with fire
Now quench desire
Stick to your faith

And you'll see
Baby don't be so impatient
Things will go your way

For patience is a virtue
