There's this little girl who lives down the street from me
And every Sunday afternoon when jenny richter goes to
church

She stops by and says hello and she says

Can we go for a ride today

I can sit on your handle bars

We can stop by the lake and you can teach me how to
swim

So we... stop by the lake

And as we're taking off our clothes

Well I notice these bruises on her back

And she says don't worry about them because

Daddy says I was a good girl this time

He didn't have to go into the closet

That's where he keeps his gun

When i'm in my bed

Asleep at night

And he comes home

Smells like wine

He points it at me

And says if you move

I'm gonna shoot

My daddy's got a gun

There's this little girl... she lives down the street from
me

And every Sunday afternoon when jenny rchter goes to
school

She stops by and says hello and she says

Can we go for a ride today

I can sit on your handlebars

We can stop by the cemetary and forget about life

So we... stop by the cemetary

And as we're taking off our clothes

Well I notice these bruises on her back

And she says don't worry about them because

Daddy says i got lucky this time

He didn't have to go into the closet

That's where he keeps his gun

When i'm in my bed

Asleep at night

And he comes home

Smells like wine
He points it at me
And says if you scream
I'm gonna shoot
My daddy's got a gun
