Hey zoe
Hey zoe why do you stare
Your mother
Your mother she worries
Hey zoe can i read you a book
Your favorite story
It's the one where nobody dies
And nobody gets hurt
I just want to say goodnight
I just want to say goodnight
Hey zoe
Hey zoe where you goin now
Your father he worries
You've grown up to be beautiful
A difference a dreamer
Hey zoe you're my best friend
And my best creation
I just want to say goodbye
I just want to say goodbye

If you, when you, you will go away
Don't you, don't you, don't you be afraid
I won't say it, i won't think it, i won't feel it
Every time i cry
Hey zoe
Hey zoe where have you been
Lately... lately i've been alone
Won't you come over to see me
And wear your funny hat
There's something i forgot to give you
Something she left behind
I just want to say good-bye
I just want to say good-bye
I wanna see through your eyes
Now i can only see through your eyes
