I am walking on the line where fish decide  
Which way to go  
People are waiting, watching my every  
Drop, waiting for my flop  
Maybe i will  
Sometimes it feels good when it's  
Hard to breathe  
What does good pain feel like  
Salt water memories  
Meaningless shit strategies  
Meaningless shit memories  
How much for the oblivion  
How much for the emptiness  
the fear

the pain  
the truth  
the day  
the time  
the sensation  
the solution  
People who don't  
Know me shouldn't  
Try without  
Permission  
If i don't understand  
My life how could they  
Am i that exciting  
Am i that intriguing  
Am i that compelling
