I don't know where to begin  
But this is how it started  
When I told him that we should take it slow  
Now I don't know where he's gone  
I understand the fact he left me  
But I just can't stand to be here alone, oh no

So here I am  
I'm telling me you I will look forever  
I hope you understand  
'Cause this is what I wanna say

Oh, I want you back into my life, yeah, yeah  
Every step that you take, every move that you make  
I'll be like a shadow over you  
I want you back into my life, yeah, oh  
Everything that you say  
'Cause babe, I know my love for you is here to stay

Yeah, it's here to stay

This is not the way I planned  
But I know that if you let me  
I would apologize the way that I've been, oh yeah  
I just felt we moved too fast  
But now I need to have you near me  
I never meant to hurt you, my love

I know it's all my fault  
'Cause now when I've lost you you're all I think of  
I'm all alone  
But I don't wanna be, so this is what I wanna say

Oh, I want you back...

This is not the way I expect it  
If it's only me I accept it  
This is not the way I want it to be  
Oh no, oh yeah

Oh, I want you back...
