### Intro:

There are always two souls on earth  
That belong together  
It's our destiny  
To find this human soul  
I know that I found mine  
Since I met you  
And this love is deeper than deep

### Verse1:

You touched my soul in a thousand special ways  
You moved my world in grateful  
My heart is dreaming so far from reality  
Through your eyes I can see eternity  
Summer rain will change someday to snow  
Everything in this life comes and goes  
Day by day our lives are passing by  
But my love to you will never die

### Bridge:

I'll be forever by your side  
Yes I swear  
Every time of day and night  
I'll be there  
Because my love is

### Refrain:

Deeper than deep, higher than high  
Brighter than the moon and the sun in the sky  
Deeper than deep, higher than high  
Your love is  
Deeper than deep, higher than high

Brighter than the moon and the sun in the sky  
Deeper than deep, higher than high

### Verse2:

Problems in our life we cannot stand  
Fade away like footprints in the sand  
Caress my heart, my soul, the core inside  
And a love supreme is what we find  
In your arms I found the universe

In your eyes I read unspoken words  
I'll be there for you my whole life through  
Every single breath belongs to you

Bridge:

I'll be forever by your side  
Yes I swear  
Every time of day and night  
I'll be there  
Because my love is

Refrain:

Deeper than deep, higher than high  
Brighter than the moon and the sun in the sky  
Deeper than deep, higher than high  
Your love is  
Deeper than deep, higher than high  
Brighter than the moon and the sun in the sky  
Deeper than deep, higher than high
