He's a bullshit king and he dwells in his cave
He'll tell you pretty things just to make you behave
He knows the tricks of his trade
He's got all his toys on parade

You better watch what you do
You better watch what you say
He'll be coming for you and take you so far away
You better watch what you do
You better watch what you say
He'll be coming for you and take you so far away

He's converted in dandelions
Just to show you he's sensitive
Rattling the snake of the divine
And everything you thought to believe in
Spinning yarn and lace up
And down the cracks of your face

You better watch what you do
You better watch what you say
He'll be coming for you and take you so far away
You better watch what you do
You better watch what you say
He'll be coming for you and take you so far away

Watch what you say
Watch what you say, watch what you say
That's right give me something to believe in

This is the beginning
This is the beginning for you and me
Oh, he's a bullshit king don't you know what I mean
He's a bullshit king you know what I mean

You better watch what you do
You better watch what you say
He'll be coming for you and take you so far away
You better watch what you do
You better watch what you say
He'll be coming for you and take you so far away

You better watch what you do
Watch what you say
He'll be coming for you and take you so far away
Watch what you do
Watch what you say
He'll be coming for you and take you so far away

Watch what you say, watch what you say
He's a bullshit king
Baby, I just wanna tell you I love you
You mean everything to me
