Woman

Skip in and walk like you own the place, baby

Move on

You gotta get your groove and take it all

Didn't you want to change the world

Like a child in flight?

But then you turn and walk away

Say goodbye to another day

Hey, hey, ohh, ohh

Hey, hey, ohh, ohh, ohh

Hey, hey, ohh, ohh, ohh, ohh, ahh

Strong man

You trying to raise your fists with nothin' to fight

Slow down

Ain't no enemy but yourself lover

Didn't you want to change the world

Like a child in flight?

But then you turn and walk away

Say goodbye to another day

Hey, hey, ohh, ohh

Hey, hey, ohh, ohh, ohh

Hey, hey, ohh, ohh, ohh, ohh, ahh

What's it gonna be? What's it gonna be?

Do you want me?

What's it gonna be? What's it gonna be?

Do you want me? Is that even a question in your mind?

Ooh, ooh, ooh, yea, yea, ohh, yea

So don't fuck me discontent like your love is spent

When I'm lying alone, baby, where's your home?

You're lookin' for me, it's all for free, I got love to kill

for my man of steel

Burning cold, telling me no

You're burning cold

And I can't let you go

No I can't let you go

Hey, hey, ohh, ohh
Hey, hey, ohh, ohh, ohh
Hey, hey, ohh, ohh, ohh, ohh, ahh

Now, what's it gonna be? What's it gonna be?
Do you want me?
What's it gonna be? What's it gonna be?
Do you want me?

What's it gonna be, baby? What's it gonna be?
Do you want me?
What's it gonna be? What's it gonna be?
Do you want me? Is that even a question in your mind?
Is that even a question in your mind?
