Money in my pocket
Setting fire to a second rate dream
Cashing a cheque in
You've gotta change the dead red like a mean green
A crimeless time
And I climb and you say Everybody get in line
Pay the toll box
Tell me what it costs, now

The worlds gone crazy
But i've got my friends
Nothing's gonna see me now
This is where the heartbreak ends and begins

What's that smell?
Skinny never put it so well
Eye and tail
Betty blue eyes on me the just and cause and swell
The long arm of the law is on my back
Giving me a heart attack
Cashing a cheque in

The worlds gone crazy
But i've got my friends
Nothing's gonna see me now
This is where the heartbreak ends and begins
The worlds gone crazy
But i've got my friends
Nothing's gonna see me now
This is where the heartbreak ends and begins

Money in my pocket
You're setting fire to a second rate dream
Cashing a cheque in
You've gotta change the dead red like a mean green
You know my lips are alive and can't lose your heart so
open up your damn mind

The worlds gone crazy
But i've got my friends
Nothing's gonna see me now
This is where the heartbreak ends and begins

The worlds gone crazy
But i've got my friends
Nothing's gonna see me now
