I, I need to get away  
I haunt you back, I bring you down  
There's only tears when I'm around  
I, I need to run away  
I don't know where I'll go or how  
But the different person I'll become  
I, I'm gonna leave today  
It'll hurt at first, but then you'll see  
That things go better without me

But still, it's all my fault  
And it's time to carry  
My own heart

I, I need to get away  
There's a million miles of road  
Someplace else I'll take my load  
I, I'd like to run away  
And after all my money's burned  
A different person will return  
What, what if I leave you now  
When you look back in time you'll know  
I was strong to let you go

It's all my fault  
It's time to carry  
My own heart

I, I need to get away  
I fought it hard, but sadness won  
Far away I might belong  
I, I'd like to run away  
Maybe if I'm on my own  
I'll find I'm strong when I'm alone  
I, I swear I'll leave today  
I won't look back and I won't cry  
All my pain I'll leave behind

It's all my fault  
And it's time to carry  
My own heart
