I think you need a faster car  
To turn her head  
You've been working out really hard  
You're gonna knock her dead

You think you need to apologize  
Even though you're right  
Yeah you think she's what you need  
Ah can't you see the light

All you need is me  
All you need is me  
I like you just the way you are  
And I know it's in your heart  
It's me  
me  
I'm not gonna judge you  
I just wanna love you  
If you look inside me  
You'll see that  
All you need is me  
All you need is me

-----

You wanna girl that'll tour the world  
That likes to hang at home  
You wanna one-woman tilt-a-world  
Still likes to be held close

Someone who dances out in the rain  
And dances in the sun  
Well if you want all of that and more  
Rolled up in one

All you need is me [all you need is, all you need is]  
Me [all you need is]

I like you just the way you are  
And I know it's in your heart  
All you need is me [all you need is, all you need is]

Me [all you need is]

I'm not gonna judge you  
I just wanna love you  
If you look inside you'll see  
All you need is me  
All you need is me  
Yeah all you need is me  
All you need is me  
All you need is

Just wait  
Just wait

It's about time  
You realize  
That if you want  
If you want

Open up your eyes

All you need is me [all you need is, all you need is]  
Me [all you need is]

I like you just the way you are  
And I know it's in your heart  
It's me [all you need is, all you need is]  
Me [all you need is]

I'm not gonna judge you  
I just wanna love you  
If you look inside you'll see  
All you need is me  
All you need is me  
Yeah all you need is me  
All you need is me  
All you need is me

Yeah  
Yeah all you need is me
