I keep having these disturbing dreams, my final days
the end of me, for some odd reason I get one last wish
and ever time I wish for this.

Take me fast or take me slow, I don't really care how I
go, in the daylight or in the dark just don't let me die
of a broken heart.

The kind of pain that you just cant take, send a strong
man to his grave, theirs not a pill that can give you rest,
or fill that hole deep in your chest.

Take me fast or take me slow, I don't really care how I
go, in the daylight or in the dark just don't let me die
of a broken heart.

I've been crushed by that hurt before, theirs no way I
can take anymore, if I fell in love and I found out, it
would happen again I'd say take me now.

Take me fast or take me slow, I don't really care how I
go, in the daylight or in the dark just don't let me die
of a broken heart.

Take me fast or take me slow, I don't really care how I
go, in the daylight or in the dark just don't let me die
of a broken heart.

No don't let me die of a broken heart, no.
