Love & Negotiation
(CDJ/Bobby Pinson)

Jenny's got Jack tacked up on the freezer
Jack's got Jenny in the back of his mind
She'd do anything to see him
He'll see her when he's got time *ÃfÂçâ, -Ã,Â!yeah*
He called her up last minute for dinner
She put her friends on the burner in the back
They tell her she don't know what she's in for
She tells them they don't know Jack
And she'll make it up to them
So she stands them up again

Love and negotiation
Makes the world go round
At the bottom of the situation
When you break it down
It's all about
Love and negotiation

I've kissed a few Jack's back in my day
Turned a few princes into toads
I traded in all my lonely
For a six foot dead end road *ÃfÂçâ, -Ã,Â!yeah*
I got my knight in rusty armor
He still gets his night out with the guys
I try hard not to be his mother
He knows I can put up a pretty good fight
To get my way
It's a give and take

Repeat Chorus

We plant our feet
We draw the line
The line moves from time to time
We always try to keep our minds open

Repeat Chorus
