If you feel like you can't go on
All is for none, All is for none
If you feel like you've been undone
All is for God, All is for God

Hey hey hey hey ooh ooh ooh ooh
Hey hey hey hey ooh ooh ooh ooh

I feel like I can't get on till I see you, till I feel you
Is it all wrong everything we've done, I can't feel you oh
I need you

Hey hey hey hey ooh ooh ooh ooh
Hey hey hey hey ooh ooh ooh ooh

It's living inside this pain and my pride, I can't leave
you but I can't love you
Secrets we hold burn in our soul and all I want is to love
and let go

Hey hey hey hey ooh ooh ooh ooh
Hey hey hey hey ooh ooh ooh ooh

If you feel like you can't go on
If you feel like you can't go on
All is for God
All is for God
