I'm in a whole lot of trouble
And I been here before
You know I'm a hard lovin woman
Who needs a hard lovin man
One who can stick around baby
One who won't walk out that door
Cause I'm a hard lovin woman baby
And I just can't find a lovin man who can take me no
more
Please
Now society's got no place for me and I talked to my
father yeah
And he says to me now now now now listen listen listen
listen little girl
You better sit down
You better take a look around and get a hold of
yourself woman
And embrace what you've become
Cause you're too much for them
And I said aw papa papa papa papa papa please
aw I'm a hard lovin woman
And that's all I am and I need a hard lovin man who's
gonna take me home now

I been on the outside for so long and it can be a cold
cold world
And there ain't no place for me in it
No doubt about that
Oh but child, child, child please you gotta get a hold of
yourself woman and
Just tell them what you feel yeah
Aw yeah
But I say I know there's a man for me
Ohe who can understand me
One who can understand my needs
And just, just take care of me
I know it's gotta be true or there ain't no god for me
And I know, I know, I know, I know, I know it's too much
But, but I'm a, I'm a hard lovin woman yes I am
Who needs a hard lovin man
