You don't look the same
The innocence has gone from your eyes
And you walk like nothing
Pleases you
Like nothing could ever leave you the way I left you
And I bet you, I bet you're gonna have to learn this the
hard way like I did

You've got something to hide, oh you've got something
to say to me don't you
You've got something to hide

You're moving through glass alone
You're moving through glass too slow
You're moving through glass alone
You're moving through glass too slow
Who is the runner, who is the gunner in this charade
we've created
You're moving through glass alone

We're like two lost birds circling outside a dirty window
And I hope you find whatever it is you're searching for
this time
I got an idea you could gather all the parts of your
junkyard hearts and make a collage
Something to remember the good times

You've got something to hide, oh you've got something
to say to me don't you
You've got something to hide

You're moving through glass alone
You're moving through glass too slow
You're moving through glass alone
You're moving through glass too slow
Who is the runner, who is the gunner in this charade
we've created
You're moving through glass alone
I don't think you know, you know

You walked away like it never meant a damn thing
You're moving too fast too fast too fast too fast

Who is the runner, who is the gunner in this charade
we've created, you're moving through glass alone, I
don't think you know
You blew my mind, you blew my mind when you left me
without anything
You sealed your fate, my friend
