Romeo
Across the sea
Where the night dances
You follow me
You're the only one
I believe
You wash that blue off your eyes
You're love is bright
As the sunrise
You are as bright
As a sunrise

You and I underneath the blue light
Always and forever
This love we steal
Feels so real
Always and forever
I keep you inside

Hand on my heart
Taken it's time
Pulling me closer to you
I wanna be closer to this... feeling
Swimming in your skin again
Swimming in your skin again

Romeo, O Romeo... Where art thou?
Under my veil, unusual strife.
What's become of our young life?
Hanging by an unfamiliar sonnet
Know that I will be ruled by no one
We walk a well known path
Skipping rocks into oblivion
My eternal home alone will set me free
My obscure known only to the unrelenting sea

You and I underneath the blue light
Always and forever
This love we steal
Feels so real
Always and forever
I keep you inside

Something to remember
Fast asleep we give up our dreams
Always and forever
I'll keep you, I'll keep you... inside.
