Suicide dive bombers  
it's a false colored world  
one of kings and misfits  
bombs and renagades babe  
now where do you fit in?  
paint the colors in love  
recollect the dawn  
doctors sparing everyone  
poets and entertainers  
bathed in devils blood  
now wash your hands girl  
you're on the run now

It's the great rock 'n' roll show  
it's got no place to go  
suicide dive bombers  
you leave the times behind you  
take a look ahead  
the future is ours forever

Now you see this path  
has all been layed out  
and some stones are yellow or gret  
littered with guillotine and razorblades  
I lost my mind more than once  
shine the light (shine the light)  
shine the light (shine the light)  
shine the light

We're all revolutionaries in a way  
so don't you ever be afraid

It's the great rock 'n' roll show  
it's got no place to go  
suicide dive bombers  
you leave the times behind you  
take a look ahead  
the future is ours forever

the movers and shakers  
on the wings of undertakers

It's the great rock 'n' roll show  
it's got no place to go  
suicide dive bombers  
you leave the times behind you  
take a look ahead  
the future is ours forever

This day will pass

I'm tellin' you  
The future is ours forever!
