I'd like to run away from you But if I were to leave you I
would die I'd like
to break the chains you put around me And yet I'll
never try...
No matter what you do you drive me crazy I'd rather be
alone But then I know
my life would be so empty As soon as you were gone...
Impossible to live with you But I could never live without
you For whatever
you do, I never never never Want to be in love with
anyone but you...
You make me sad, you make me strong You make me
mad, you make me long for
you... You make me live, you make me die You make
me laugh, you make me cry
for you...
I hate you, then I love you Then I hate you, then I love
you more For whatever
you do, I never never never Want to be in love with
anyone but you...
You treat me wrong, you treat me right You let me be,
you make me fight with
you... You make me high, you bring me down You set
me free, you hold me bound
to you... I hate you, then I love you Then I hate you, then
I love you more
For whatever you do, I never never never Want to be in
love with anyone but
you. With anyone but you...
