Hey!

It's wonderful to see you once again
to see your smile and hear you call my name
there is so much to say.

Hey!

It isn't accidental that we met
your love is something that I can't forget
so I wander your way.

Hey!

If one of us won't try to dry the tears
tomorrow is the world of yesteryears
let us live for today.

Hey!

Although we played a game of love and lost
I wouldn't change a single dream because
if you loose you must pay.

It's true

I've have so many others loves to share
but I will close my eyes and you'll be there
no matter where I go, you're ev'rywhere Er, Er...

If you

come back to me and see how much I care
I only want to live if you are there
to give your love to me.

Hey!

Don't let me spend another day alone
remember all the happiness we've known
lets relive yesterday.

Hey!

We've known a world of loneliness and pain
we'll never make the same mistakes again
may if only you'll stay.

It's true

I've have so many others loves to share

but I will close my eyes and you'll be there
no matter where I go, you're everywhere Er, Er...

If you
come back to me and see how much I care
I only want to live if you are there
to be with you I'd travel anywhere Er, Er

It's true...
