Gotta take a little time  
A little time to think things over  
I better read between the lines  
In case I need it when I'm older

Now this mountain I must climb  
Feels like a world upon my shoulders  
And to the clouds I see love shine  
It keeps me warm as life grows colder

In my life there's been heartache and pain  
I don't know if I can face it again  
Can't stop now, I've traveled so far  
To change this lonely life

I wanna know what love is  
I want you to show me  
I wanna feel what love is  
I know you can show me  
I'm gonna take a little time  
A little time to look around me

In my life there's been heartache and pain  
I don't know if I can face it again  
I can't stop now, I've traveled so far  
To change this lonely life

I wanna know what love is  
I want you to show me  
I wanna feel what love is  
I know you can show me

I wanna know what love is  
I know you can show me
