Come on dead man  
You have slit your wrist  
Bow down dead man  
And slit your wrist again  
Cut!!! Cut!!!

Razorblade baby  
Kill yourself girl  
You Christian women  
You can't live like this  
No!!! No!!!

He's flung high, he's flung low  
But he still loves the purgatory glow  
This long road leads to you  
Feel the anger feel the rush

Search your heart  
And get out before all heaven breaks loose  
The blood hunger  
The addiction  
Night, cold night  
The stars are not lit tonight

Ice bound river banks  
Cold murky waters  
The treacherous devilry  
Coldest thoughts  
Suicide!!!

The blood hunger  
The addiction  
Night cold night  
Suicide!!!  
Suicide!!!
