Well I've been running from something
Twenty years in my car
Down a road that's leading me nowhere
Yeah we drive through the farmland
No one knows where we're from
Could I kiss you and make you a queen?
Or something in between

Do you want to see
The place where I am free?
Cos in my mind I need it
But you're nowhere near to me

Move to new york city
Take your woman by the hand
Leave her there with your things on the doorstep
And there's no way around it

Could this be our last dance?
So fall asleep with the tv darling
I'll be back again

Do you want to see
The place where I was free?
Cos in my mind I've been there
And there's no one here but me

In the morning it'll find you
Let the light shine away
Down a road that's leading me nowhere
And there's no way around it
Could this be our last dance?
Just fall asleep with the tv darling
I'll be back again
I'll be back again
