I never believed in love
I was deceived by love
I never had much luck with lovers before
And I couldn't compete
I seemed just part of the street
To be walked on by everyone but then

Then I found a very special love in you
It's a feeling that's so totally new
Over and over, it's burning inside
I found a very special love in you
And it almost breaks me in two
Squeezing me tighter
But I'm never gonna let go

You're not like the rest
I know you're one of the best
You give more than you should
And take nothing in return
Stay always with me
And I always will be
The one person that you can count
On always to love you

And I found a very special love in you
It's a feeling that's so totally new
Over and over, it's burning inside
I found a very special love in you
And it almost breaks me in two
Squeezing me tighter
But I'm never gonna let go
But I...

Found a very special love in you
It's a feeling that's so totally new
Over and over, it's burning inside
I found a very special love in you
And it almost breaks me in two
Squeezing me tighter
But I'm never gonna let go
(Repeat and fade out)
