Maybe you'll fall in love with me domani

Maybe tomorrow night the sun will shine

I'll change my name from Johnny to Giavonni

If you will say domani, you'll be mine

Come to me, Senorina from Italy,

Hear my plea and I'll hire the hall

All your uncles and aunts and ma and pa and your
paisani

They all agree that we should wed domani

interlude

You are so super duper bravissimo

Don't say no or my poor heart you'll break

'Cause your uncles and aunts and your ma and pa and
your paisani

They all agree that we should wed, domani
