Love, love, love  
I ain't supposed to give it to you  
Love, love, love, love, love  
Until you start approachin' me true

Love, love, love, love, love  
I don't mean to be picky but its life's education  
Love, love, love, love, love  
And the chase that makes the sensation  
Love, love, love, love

Everyday, everyday I wondered how I'm gonna get  
through it  
Took the page of the 'Book Of Life', said there was  
nothing through it  
From chapter to chapter I was after the definition of  
true love  
I didn't know what to do

Love, love, love  
I ain't supposed to give it to you  
Love, love, love, love, love  
Until you start approachin' me through

Love, love, love, love, love  
I don't mean to be picky but its life's education  
Love, love, love, love, love  
And the chase that makes the sensation  
Love, love, love, love

It took so long to come around and say, hello  
But now it's so strong, I never wanna let it go  
My heart, my pain, my strength, it isn't so emotionally  
Mama said it's the way it's gon' be

But I must believe if you could sing your Kenny G  
Specially if it's only the situation left to me, yeah  
I must believe if you can see then you can achieve  
Specially if it's only the situation left to me for the love,  
love, love

Love, love, love

I ain't supposed to give it to you  
Love, love, love, love, love  
Until you start approachin' me through

Love, love, love, love, love  
I don't mean to be picky but its life's education  
Love, love, love, love, love  
And the chase that makes the sensation  
Love, love, love, love

My love is yours if you can enjoy  
The times spent back and forth  
My life's revolving door  
My heart is yours, but can I be sure

That this time our love  
Anything you do for me  
Ain't that the way it's supposed to be  
Specially if it's only a situation left to me

You know that I must believe  
If you can see then you can achieve  
Specially if it's only  
A situation left to me for the

Love, love, love  
I ain't supposed to give it to you  
Love, love, love, love, love  
Until you start approachin' me through

Love, love, love, love, love  
I don't mean to be picky but its life's education  
Love, love, love, love, love  
And the chase that makes the sensation  
Love, love, love, love

Love, love, love, love
