He came into my life and a lot of things changed
My girlfriends said I'm acting strange
'Cause we ain't chillin' like we used to
Hangin' like we used to, kickin' like we used to

I'm ain't being shady but I've fallen in love
And I'd rather be home then out in a club
'Cause there's a man there to love so much
From his style to his conversation and yes, he's very
patient

Lovin' and kissin', babe, is always on my mind
Whenever I'm in your space a chill runs down my spine
Lovin' and kissin', babe, is always on my mind
Whenever I taste your lips it happens every time

All my life I waited for a love like this
I feel it in your every kiss
There's no more loneliness

I just can't explain the joy you bring
Leaves me no reason to complain
I wouldn't change one damn thing
Just kiss me again and again and again

Lovin' and kissin', babe, is always on my mind
Whenever I'm in your space a chill runs down my spine
Lovin' and kissin', babe, is always on my mind
Whenever I taste your lips it happens every time

Lovin' you is all I wanna do
Ain't gotta go nowhere
I just need you here

Lovin' you is all I wanna do
Ain't gotta go nowhere
I just need you here

Lovin' and kissin', babe, is always on my mind
Whenever I'm in your space a chill runs down my spine
Lovin' and kissin', babe, is always on my mind
Whenever I taste your lips it happens every time

Lovin' and kissin', babe, is always on my mind
Whenever I'm in your space a chill runs down my spine
Lovin' and kissin', babe, is always on my mind
Whenever I taste your lips it happens every time
