Shaking hands and bloodshot eyes  
couldn't help but wonder why  
I'm so afraid to lose  
Strike a match and watch it burn  
touch the earth, feel it turn  
my smile's see-through  
I can't live my life this way  
with nothing to hide

Taking back my sense of pride  
I can breathe desensitized  
you still call my name

Take a walk outside your mind  
know the air is cold sometimes  
but don't call my name

I can't live my life this way  
with nothing to hide  
I can't throw my life away  
with no place to hide

Take this cup away  
take this cup away

Your see-through promise  
know that I  
I'm still on this cross  
Your see-through promise  
Know that I  
I'm still on this cross

I can't live my life this way  
with nothing to hide  
I cannot throw my life away  
with no sense of pride

Don't walk away  
don't walk away  
don't walk away..

I cannot throw my life away  
with no sense of pride  
I can't live my life this way  
with nothing to hide...
