You, you, you, yeah
Alright
You, you, you, yeah
You changed, you changed

Every time I see your face
I think of how it used to be
What I used to mean to you
And what you used to mean to me

Now I see you're someone else
So I gotta ask myself
Is it me you really want
Or is your loving just too full?

You, you changed so much since I met you
Don't know why but I'm so confused
All I know is I still love you
Yes, I do, still love you

You, you changed so much since I met you
Don't know why but I'm so confused
All I know is I still love you
Yes, I do, still love you

Somebody told me that they saw you
In the shopping mall with some girl
First I didn't want to believe it
'Cause it messed up my whole world

Now you taking me for granted
'Cause my heart is all for you
Tell me how you don't understand it
When I've gone real far for you

You, you changed so much since I met you
Don't know why but I'm so confused
All I know is I still love you
Yes, I do, still love you

You, you changed so much since I met you
Don't know why but I'm so confused

All I know is I still love you
Yes, I do, still love you

Yesterday, everything was okay
Now it seems that you're far away
(Far away)
Are you fadin' on me?
(Fadin' on me)

Do you really love me still ?
Tell me how you really feel, yeah
(You really feel, yeah)
Are you playin' on me?

You changed so much since I met you
Don't know why but I'm so confused
All I know is I still love you
Yes, I do, still love you

You changed so much since I met you
Don't know why but I'm so confused
All I know is I still love you
Yes, I do, still love you

Still, I still love you
You, you, you, you, you, yeah
Hmm, yeah, you, met you, love you
