Forgive me when I fall  
I'm not as strong as you are  
sometimes the ending  
seems a little too far  
remind me when I'm tired  
forgive me when I fall  
I fear when I arrive  
there won't be anything left at all  
but I'll keep fighting for you  
I'll keep trying for you  
there's a peak here somewhere  
and I believe that too  
so take me feet, hands, soul, sweat,  
red, blue, song, sex  
I'm not through believing yet.  
It's all blue  
spinning as wishes come true  
in circles as I come to you  
open and free cuz you're so  
careful with me.

Silhouettes float  
against a silver lake  
begging for wishes  
begging to make  
the truth of Lincoln's secrets  
echoed in the warmest cold  
echoed in my blood  
and the power of what we hold  
so hold my hand, face, soul, song  
one belief that we belong  
my skin, taste, this place,  
beauty, light, truth, grace  
anything and everything  
we ever were we ever dreamed  
love, truth, light, grace  
is right now.

So dance to the silence of a faraway song  
dance to the light as the fear passes on  
dance for the wishes  
dance to the wishes we hold

Everything's blue  
spinning as wishes come true  
in circles as I come to you  
open and free cuz you're so  
careful with me.

And you're careful with me  
so take my feet hand, soul, sweat  
red, blue, song sex  
and I'm not through believing yet  
i'm not through believing

So dance to the silence of a faraway song  
dance to the night as the fear passes on  
dance for the wishes  
dance to the wishes we hold

And everything was blue  
spinning as wishes come true  
in circles as I come to you  
open and free cause you're so  
careful with me
